

एम. एम. कॉलेज ऑफ टेक्नोलॉजी, रायपुर

AICTE द्वारा स्वीकृत एवं छत्तीसगढ़ स्वामी विवेकानंद टेक्नीकल यूनिवर्सिटी भिलाई द्वारा मान्यता प्राप्त

Program Outcomes (POs) for B.E./B.Tech. Programs:

PO1: Engineering Knowledge: Apply knowledge of mathematics, science, engineering fundamentals and an engineering specialization to the solution of complex engineering problems.

PO2: Problem Analysis: Identify, formulate, research literature and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3: Design/ Development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal and environmental issues.

PO4: Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data and synthesis of information to provide valid conclusions.

PO5: Modern Tool Usage: Create, select and apply appropriate techniques, resources, and modern engineering & IT tools including prediction and modeling for complex engineering activities with an understanding of the limitations.

PO6: The Engineer and Society: Apply rational thinking appraised by contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to professional engineering practices.

एम. एम. कॉलेज ऑफ टेक्नोलॉजी, रायपुर

AICTE द्वारा स्वीकृत एवं छत्तीसगढ़ स्वामी विवेकानंद टेक्नीकल यूनिवर्सिटी भिलाई द्वारा मान्यता प्राप्त

Program Outcomes (POs) for B.E./B.Tech. Programs:

PO7: Environment and Sustainability: Understand the impact of professional engineering solutions in societal and environmental contexts and demonstrate knowledge of and need for sustainable development.

PO8: Ethics: Apply ethical principles and commitment, to professional ethics, responsibilities and norms of engineering practices.

PO9: Individual and Team Work: Function effectively as an individual, and as a member or leader in diverse teams and in multi-disciplinary settings.

PO10: Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write constructive reports and design expressive documentation; make effective presentations by giving and receiving clear instructions.

PO11: Project Management and Finance: Demonstrate knowledge and understanding of engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in advanced multidisciplinary environments.

PO12: Life-long Learning: Recognize the need for independent learning and to develop the capacities of the learners to engage them in independent and lifelong learning in broader context of techno world.
